About the Conference

The 4th Global Conference on Natural Products & AYUSH System of Medicine marks a transformative step in positioning AYUSH and natural product research as innovation drivers for global health, sustainability, and digital wellness economies.

Building on the success of the first three national editions, this Global Edition is uniquely hosted by the Experimental Pharmacology Lab, Department of Pharmacology and RCFC (NR-1), NMPB, GOI, thus placing Pharmacology at the centre of integration between modern biomedicine and AYUSH systems.

The conference will converge scientific validation, biodiversity conservation, digital health innovations, and policy frameworks into a future-ready AYUSH 5.0 roadmap.
